MH-11/2024-2025 **Project Based Learning** 09-12-2024 to 13-12-2024 **EC Pune**

https://erp.nitttrbpl.ac.in/poc2024/?id=regMH-11

Rationale

Project-Based Learning (PBL) is a pedagogical approach that is increasingly recognized as an effective method to enhance student engagement, critical thinking, and problem-solving skills. For engineering educators, integrating PBL into teaching practices is crucial not only for aligning with contemporary educational methodologies but also for preparing students to tackle real-world challenges in their professional careers. This rationale outlines the necessity and benefits of a focused 5day training programme on Project-Based Learning tailored specifically for engineering teachers.

Programme Outcomes

The participants of the training programme will be able to:

- 1.State the provisions of the NEP 2020
- 2. Management of project-based learning
- 3.Conduct group-based methods
- 4. Develop case study
- 5.Use a case study

Programme Content

- •Salient features of NEP 2020
- Concept, need, importance, types and learning from project-based learning method
- Process of conducting group-based methods
- Process of using the case method

Target Group

Faculty of all disciplines

Coordinator & Co-Faculty

Dr. R.K. Dixit Professor Department of Management Education rkdixit@nitttrbpl.ac.in

Dr. Roli Pradhan Asstt. Professor Department of Management Education rpradhan@nitttrbpl.ac.in
